CAMPANULA MEDIA (CANTERBURY BELLS)—2-1/2 ft., part shade, mixed lavender-purple-pink-white, May-June, good soil, well drained

CAMPANULA CARPATICA—Blue-white, 10 inches, moist, rockery or border, part shade, Sept.-Oct.

CAMPANULA ROTUNDIFOLIA—Blue, 10 inches, all Summer, border-wet rockery, part or almost all shade

CAMELLIA JAPONICA & SASSANQUA—Part shade, 4 to 10 ft., pink-red-varieg. white, most bloom early Spring, acid soil

CARNATION—1 ft., pink-white-red-mixed, full sun, all Summer, good cut, bedding or rockery, light well drained soil

CANDYTUFT—Iberis, 10 inches, white-lavender, sun, well drained soil, April-May-June, foliage evergreen, edging or rockery

CALIFORNIA PRIVIT—Green and variegated

CERASTIUM TOMENTOSUM—Snow in Summer, silvery white foliage, white blossoms during May and June, sun or part shade, creeping, 6 inches, rockery or spreads over wall, allow 2-1/2 to 3 ft. to spread

CHINESE LANTERN—2 ft., sun, red balloons in Fall, good dry

CHRYSANTHEMUM CUSHION—See Azalea mums

CHRYSANTHEMUM—medium height, 2 ft., all colors, sun or part shade, good, well drained soil, don't crowd

TALL VARIETIES—3 ft. as above

FUJI—Spider type, 3 ft. as above

HARVEST GIANTS—Sept. till frost, 2-1/2 ft. as above

DAISY TYPE—2-1/2 to 3 ft. as above

COLUMBINE—See Aquilgia

CONE FLOWER (RUDBECKIA)—Rose or yellow daisy-type flower with brown cone center, 2-1/2 ft., any soil, sun, all Summer

CORAL BELLS—HEUCHERA—Coral red, 1 ft., well drained, semi-shade or sun, May through Aug.

COW SLIP—See Primrose

CREEPING MYRTLE—Ground cover, shade and wet best, will grow any place, white-blue, May-June, 4 inches

CREEPING PHLOX—See Phlox Subulata

DAISY—English, see Bellis

DAISY—Painted, see Pyrethrum

DAISY—Shasta, white, 2 ft., sun or part shade, all Summer

DAISY—Michelmas—see Aster, tall, hardy

DAISY TYPE CHRYSANTHEMUM—See Chrysanthemum

DAISY—Gloriosa, 1-1/2 ft. tall, yellow with brown disc or centers, sun, all Summer

DAISY HELIANTHUS—3 ft., yellow daisy, all Summer, 3 inch flower, good background or cut

DAISY GAILLARDIA (BLANKET FLOWER)—Yellow-red center, 1-1/2 ft., all Summer, sun, any soil

DAY LILY HEMEROCALIS—Amber, 3-1/2 ft., June-July shade or sun, any soil

DELPHINIUMS—BELLADONNA—Light blue, 3 ft., good light soil, well drained, sun or semi-shade—lime in soil
DELPHINIUM—LA MARTINE—Deep blue as above
DELPHINIUM—PACIFIC—Hybrid, 4 to 6 ft. tall, all shades blue-mauve-orchid and white, treat as above but stake
DIANTHUS BRAVO—New last year, red, 10 inches, sun, good drained soil, all Summer, good edging or rockery
DIANTHUS CHINESE—As above in white and mixed colors
DIANTHUS PLUMANUS—See pinks, old fashioned
DIANTHUS BARBITUOUS—Sweet William, 2 ft., good cut, all colors, sun or part shade, any soil, May and June prolific, some blooms during Summer
DIANTHUS SWEET WILLIAM—Dwarf, as above but 6 to 8 inches, edging or rockery
DIGITALIS—See Foxgloves

EUONYMUS—Green-green and white-green and yellow, waxy hedge-like foliage, also creeping type, subject to scale if not sprayed

FIRE THORNE—See Pyracantha

FLAX—LINUM—Blue-white, 1 ft., dainty cup-like flowers, May-June-July, any well drained soil, per. border or rockery, sun

FLOWERING ALMOND—See Almond

FLOWERING QUINCE—Shrub, earliest Spring blooming shrub, coral red, up to 6 ft., sun or shade, any soil

FORGETMENOTS—Annual, 1 ft., blue-pink or white, April-May-June, part shade best, good well drained soil best

FORGETMENOTS PER.—4 inches, blue, all Summer, sun or shade, but moist or wet

FORSIPHIA—Shrub, yellow, early Spring, up to 6 ft., may be trimmed

FOXGLOVES—DIGITALIS—3-1/2 ft., pink and orchid shades, May-June, shade or part shade, can tolerate sun in good loamy soil, good background

GAILARDIA—See under Daisy type flowers

GEUM MRS. BRADSHAW—Red, 1-1/2 ft., good soil, sun, all Summer

GEUM LADY STRAD.—Yellow, as above

GLORIOSA DAISY—See Daisy type flowers

GYPSOPHILIA—See Baby's Breath

HEDGE—California privet—Green or variegated, Ligustrum or Euonymus, sun or shade

HELIANTHEMUM—Rock rose, all colors, full sun, rockery or terrace, 4 inches, creeping, May-June-July

HELIANTHUS—Perr., sun flower, any soil, all Summer, 3 ft., yellow

HELIOTROPE—Hardy (Valariana), rose color, 2 ft., sun or semi-shade, any soil

HEMEROCALIS—See Day Lily

HEUCHERA—See Coral Bells

HIBISCUS—MALLOW PLANT—White-pink-red and rose shades, sun or semi-shade, any soil—3-1/2 ft., very bushy all Summer

HYDRANGEA—Pink-blue shades, May-June, shady, wet to 3 ft.

IBERIS—See Candytuft

ILEX—HOLLY—English, large glossy leaves, red berries, male Holly for pollination

ILEX CONVEXA—Slow growing dwarf evergreen

IRIS GERMAN—All colors, mixed, sun, May-June, any soil, 2-1/2 ft.

IRIS JAPANESE—Blue-lavender-purple shades, sometimes white, June-July-Aug., 3 ft., dry or wet, sun or shade

IVY—ENGLISH—Ground cover for shady places, loves moisture

IVY—BRANCHING—As above, smaller leaves

JAP. IRIS—See Iris

JAP. QUINCE—See Flowering Quince

LOBELIA—CARDINALIS—Red, 2-1/2 to 3 ft., shade or sun, moist or dry

LYCHNIS CHALCEDONICA—Lamp flower, sun or part shade, any soil, May-June-July, 2 ft.

LAVENDER-VERIS (English)—Dried flowers for sachets, 1 ft., well drained soil, sun or part shade

LATHRUS (PER. SWEET PEAS)—Hardy vine, all Summer white-pink and rose shades, fence covering or to cover banks, sun or part shade, 5 to 10 ft. spread

LILY OF VALLEY—White, light loamy rich soil, shade or part shade, 6 to 8 inches, moist best

LILY-TUFT—Variegated leaves, blue flowers, all Summer, any soil, very hardy, sun or shade, 1 ft., wonderful for edging, permanent plant

- LILAC SHRUB—Lavender-white, 8 ft., May-June, good for cutting
- LIATRIS—Purple-white, 3-1/2 to 4 ft., any drained soil, sun or part shade, all Summer
- LINUM PERENNE—See Flax
- LIGUSTRUM LUCIDUM—Chinese privet-hedge, any soil, sun or part shade
- LUPINE—RUSSEL HYBRID—All colors, May-June-July, light, loamy, rich well drained soil, sun or part shade, likes nitrogen in soil
- LYTHRUM—LOOSESTRIPE—Rose, 3-1/2 ft., any soil, sun or shade, good background or cut
- MOSS PINK—See Phlox Subulata
- MINT—Leaves used for flavoring, sun or part shade, light loamy moist soil to start, when established grows anywhere
- MONARDIA—See Bergamont
- MAGNOLIA—TULIP TREE—Earliest Spring, up to 10 ft., white or rose
- MAGNOLIA GRANDIFLORA—Large evergreen leaves, white fragrant flowers during Summer, good well drained soil to start, grows 15 ft. or taller, grows rather slowly
- MYOSOTIS—See Forgetmenots
- MYRTLE—CREEPING—See Creeping Myrtle
- PANSY—STEEL'S GIANTS—Jumbo, mixed, also separate colors, light blue-deep blue-small yellow-giant yellow, 2-toned blue, purple-maroon-white and giant yellow black face, light loamy soil best, part shade best, 6 to 8 inches, moist drained soil best
- PERRIWINKLE—See Creeping Myrtle
- PEONY—Rose-pink-white-red, sun, 3 ft., light loamy soil best, allow 3 ft. to spread, plant shallow
- PINKS—OLD FASHIONED—DIANTHUS PLUMURIUS—Sun, shades of pink-white and rose, good cut, edging-rockery, 1 ft., May-June
- PINKS—BRAVO & CHINESE—See Dianthus
- PLADYCODUM—CHINESE BELL FLOWER—2 ft., any soil, sun or shade
- PHYSOSTEGIA—Rose shades and white, 2-1/2 ft., sun or part shade, any well drained soil
- PHLOX TALL—Any color, rose-pink-white-red, sun or part shade, named varieties, 2-1/2 ft., good well drained soil, spray occasionally against mildew, bloom all Summer, one of best perennials

PHLOX SUBULATA—Creeping, 4 inches, red-rose-pink-white and lilac blue, full sun, well drained, likes sandy not-too-rich soil, edging-rockery-slope-sunny bank

PHLOX DIVARICATA—Blue, 1 ft., shade, moist, likes woods soil, May and June

PAINTED DAISY—See Pyrethrum

PENSTAMON—Red-coral and pink shades, 2 ft., all Summer, light loamy soil best, but thrives almost anywhere, sun or part shade

POPPY—ORIENTAL—Red-orange and pink, 2 ft., full sun, any soil, best if drained, May and June, plant early, during blooming season plant pot grown ones only, mark during Summer (their dormant stage) to avoid digging out roots

PRIMROSE—PRIMULA VERIS, VULGARIS, POLYANTHUS (sometimes called COWSLIPS)—Yellow-red-bronze-pink shades, 10 inches, must be wet during Summer, loves shade, does well in sun if wet, any soil not too sandy

PRIMROSE PACIFIC HYBRIDS—As above, but huge blooms

PRIVIT—California Green, California Variegated, Chinese (Liguatrum) and Euonymus

PYRACANTHA—Shrub, red or orange berries, Fall and Winter, full sun, good soil to start, likes moisture, do not disturb roots

PYRETHRUM—Painted Daisy, pink-white and red shades, 2 ft., full sun, good light loamy soil, good drainage, do not crowd

QUINCE—See Flowering Quince

ROSE BUSHES—All summer, 3 ft., briarcliff, pink, etoile de Holland-red, K. A. Victoria-white, gold charm, yellow, talisman, red and yellow, The Doctor-pink, crimson glory-red, sterling-fragrant bright pink with yellow at base, yellow condés de sastre-yellow

PEACE GIANT—Soft pink and golden yellow combination, extremely healthy grower. All roses like full sun, never crowd, good soil best, water during dry spells but avoid getting leaves wet too late in day, plenty ventilation

ROSE FLORADORA—POLYANTHA—Baby rose, scarlet and opal red reverse, good bloomer, blooms well in shade, avoid crowding to avoid mildew on all roses

ROSE FLORADORA—(Continued)

PATENT ROSES—Pink Peace, Happiness, Jimminy Crickets, Vogue, New Yorker, treat as above

CLIMBING ROSES—Blaze red clusters all Summer,
Cl. Golden Charm—individual blooms, gold, yellow
Cl. K.A. Victoria—large individual blooms, white
Cl. Red Talisman—deep orange and red individual blooms

Cl. et. de Holland—large, red individual blooms

ROSE POLYANTHA—Golden Salmon, Red Ripples, Betty Prior, rose dogwood-like blossoms and pinocchio pink sweetheart rose

RED BUD TREE (JUDAS TREE)—Up to 10 ft., lovely combined with dogwood trees

ROSE MARY—Herb, 1 ft.

RUDBECKIA—See Cone Flower

SALVIA—Blue, sun or part shade, 2-1/2 ft., all Summer, any soil, lovely for bedding or cut flowers

SALVIA—Blue, early blooming, April-May-June, low coarse leaf, blue flowers, 1-1/2 ft., branched spikes above foliage, any soil, sun best or part shade

SAGE HERB—Good in dressing, etc., 2 ft. blue flowers, July-Aug., any soil

SAPONARIA OCOMYDES—Rose-pink, 2 inches tall, spreading plants (1-1/2 ft. spread), good rock plant, sun or shade, June-July

SEDUM SPECTABILIS—Brilliant Rose, Sept.-Oct., sun or semi-shade, any soil, 2 ft.

SEDUM SIEBOLDI—3 inches, rosette, good rockery, coral in Fall

SEDUM TARMENTOSUM—Creeping, clings to ground, yellow, June-July, leaves evergreen, good for dry slope, spreads rapidly, sun or part shade

SEMPERVIVERRUM—HEN & CHICKENS—Rock plant or strawberry jar, sun or part shade, coral in Fall, keep on dry side

SCABIOSA—Blue, 1-1/2 ft., May-June, sun or semi-shade, good light soil, well drained

SILVER CYPRESS—Foundation tree, silvery blue pyramid type

SHASTA DAISY—See Daisy

STOKESIA—Blue all Summer, 1-1/2 ft., good light soil best but tolerates anything, sun or part shade

SNAPDRAGON—All colors, mixed and separate, 2 to 2-1/2 ft., sun, good light well drained soil, not too crowded, keep foliage dry as possible especially after 4 p.m., good cut or for bedding

STATICE LATIFOLIA—Light airy lavender flowers much like Baby's Breath, but much easier to grow, dries easily for Winter bouquets

SWEET PEAS—Hardy, see Lathrus

SWEET WILLIAM—Tall or Dwarf, see Dianthus Barbitius

SUNFLOWER—Hardy, 3 ft., yellow, any soil, sun or part shade, good cut

TAXUS YEW—Upright, deep green evergreen, sun or shade, good light loamy soil to start, likes moisture but must drain well when young

THERMOPSIS—Yellow, 3 to 4 ft., any soil, sun, very good background plant, foliage attractive

VERONICA—MINUET—Pink, 1 ft. to 1-1/2 ft., sun or part shade, all Summer, good border or rock plant

VINCA MINOR—See Creeping Myrtle

VIOLA—Separate colors, blue-apricot-white-yellow, pansy-like flower but smaller, colors solid, very free-flowering, part shade or sun, keep moist when hot, 6 to 10 inches, space 9 inches apart, treat as Pansy

VIOLETS—Pink, early Spring bloom, shady moist good soil, 6 inches

VITEX SHRUB—Blue to 6 ft. tall, round and shapely plant, pretty foliage blooms all Summer

WILLOWS—Tree, fast growing, wet to start

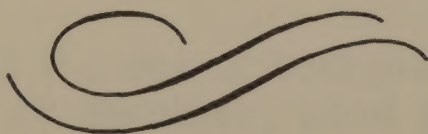

WILD FERNS—Christmas fern, lace fern, several other varieties

WILD PLANTS—Jack in the Pulpit, Green Calla, lily-like flower, forms red seed in Fall

WILD VIOLETS

WILD MAY APPLES

Annuals

-----May 1st or Later-----

- ALYSSUM—White, rose, purple, 6 inches, sun or part shade, edging, boxes or rockery, moist, well drained
- ANTIRRIUM (SNAPDRAGON)—2 ft., all colors, mixed and separate, full sun, bedding or cut, good light soil best, don't crowd
- ASTERS—All colors mixed, also white-pink separate, 15 inches, part shade, good soil, loamy, cut or bedding, Aug.-Sept.
- AMARANTHUS (SUMMER POINSETTA)—2-1/2 ft., bright red top foliage, very showy, sun, do not over-water
- ACERANTHUS—GIZZARD PLANT—Round red leaves, very bright, 10 inches, sun or part shade, edging, boxes or rockery, easy to grow, very effective
- ALTERNANTERA—JACOB'S COAT (Red-Pink and Yellow combined) leaves, sun, moist, 6 inches, pot, box, edging or rockery
- AGERATIUM—Blue Mink
- AGERATIUM—By cuttings, more uniform growth, Blue Dwarf, white and pink, 8 to 10 inches
- AGERATIUM—By cuttings, medium, 12 inches, good cut. The above like semi-shade best, keep moist and well drained, loamy soil best, boxes-edging-rockery
- BEGONIA—Wax, light loamy soil, water in moderation, part shade, 10 inches, pot, box or rockery
- BEGONIA—Angel Winged, 1 ft. or taller, cut back when too tall, otherwise treat as Wax Begonia
- BEGONIA—Wrex, large leaves, some star shaped, some maple leaf shaped, pot or box plant, treat as other Begonias
- BASIL—Herb, used with tomatoes, etc., all are 1 ft., aromatic leaved, used for flavoring if desired, white, small leaved, big leaved, purple-opal, sun or part shade, loamy soil, best moderately moist
- BALSAM—TOUCH-ME-NOT (LADY SLIPPER), grows almost any place, sun or part shade, likes moisture, blooms all Summer, 10 to 12 inches, pink-red-white and rose shades
- BROWALIA—Blue, 1 ft., one of best plants for nearly total shade, blooms all Summer, good potted, in boxes or semi-shaded rock garden

- CELOSIA—COCKSCOMB—Sun, bedding or cut, 1-1/2 ft.
- CANNA—3 ft., red or yellow King Humbert and orange K.
- CANNA—President, 2-1/2 ft., red with green foliage
- CANNA—Pink, 1-1/2 to 2 ft., flowers smaller, all like sun to bloom best, good soil best, 2-1/2 ft. apart
- CENTAUREA—DUSTY MILLER—Silvery white foliage, good boxes, edging or rockery, sun or shade, any soil, very hardy, trim if necessary to keep uniform
- COLEUS—Rainbow colors, 1 ft., bushy foliage, bright colors, brightest colors stay brightest in sun, pink and variegated white and green are beautiful in shade, pinch back occasionally to keep plant bushy, moderate soil and water, easy to grow, boxes, pot, edging or rockery
- COLEUS—Running, hanging baskets, boxes, pots, over walls, spreads over rocks, etc., treat as bush-type coleus
- COBEIA—Vine, over fences, sun or semi-shade, 8 to 10 ft. spread, cup-like flower, purple-lavender shades
- COSMOS—Mixed, white-pink-red and rose with deep disc, 3 ft., all Summer, good background, very good cut, sun best, any soil
- CHERRY, JERUSELIUM—1 ft., sun or semi-shade, any soil, keep moist, white blossoms form into round cherry-like seed pods in Fall, if kept in pot all Summer can be brought into house during Winter, sunny window, not edible
- CHRISTMAS PEPPERS—Treat as Jeruselium Cherries except fruit are first white, then orange, then red, many times all colors at once. These are edible, being very good to season soups, etc.
- DUSTY MILLER—See Centaurea
- DAHLIA—Dwarf, 1-1/2 ft. to 2 ft., all Summer, good background and cut, sun, well drained soil, plant 2 to 2-1/2 ft. apart if possible, good in outdoor planters
- FUSHIA—1 ft. to 15 inches tall, likes moist, loamy, well drained soil, part shade, not too crowded, good for shady box or urn
- GERANIUMS—1 ft., full sun best or part shade, not too close together, must have well drained soil, water in moderation
- GLOBE AMERANTH—Straw-flower-like Bachelor's Button rose and purple shades and white, sunny, well drained soil, 1 ft., good for Winter bouquets
- GLORIOSA DAISY—See under Perennials (Daisy)

HELICHRYSUM—Straw flowers, all colors, cut, dry for Winter

HELIOTHROPE—Very fragrant lavender flower, 1 ft. tall, likes sun best, do not over-water, this will encourage more blooms and more uniform plant

IMPATIENCE—SULTANA—10 inches to 1 ft., best plant for shade, grows in almost total shade, likes loamy well drained soil, loves warm humid weather, so do not plant too soon outside, good house pot, box, or rock plant

LANTANA—1-1/2 ft., bushy, many two-toned yellow-orange to red, yellow toning pink, others yellow-white, sun, part shade or fairly shady, poor soil best, water only if needed, good box, rocks or bedding

LANTANA—Weeping, lavender, boxes or hanging basket or to trail over rocks or wall, all Summer till frost

LOBELIA—4 inches, blue, edging or hanging basket, part shade, moist, all Summer

LARKSPUR—1-1/2 ft., sun or shade, any soil, blue-lavender-pink-white-rose red, May-June

LOVE APPLE—Grow like tomatoes, produce orange fruit in Fall which keep all Winter when dried

MARIGOLDS—Petite, 6 inches, yellow-orange-bronze, sun or part shade, any soil, good edging or rock plant or boxes

MARIGOLD—Color Magic, 1 ft., variegated bronze-orange-yellow, as above

MARIGOLD—Burpee, red and gold, large flower, 1 ft. to 16 inches tall, good cut, treat as other Marigolds, more sun

LEMON DROP—10 inches, yellow edging, rock or boxes

MARIGOLD CLIMAX—Giant yellow-orange or gold, 2-1/2 ft. tall, any soil, sun, good cut or background

YELLOW SUPREME—Moderately large yellow Marigold, 2-1/2 ft., good background or cut, any soil

MEXICAN PINK—Trailing, thick leaves, rose-pink daisy, hot, dry

MOSS ROSE—See Portalasa

MOON VINES—Large white fragrant blooms at night, large green leaves, fences or trellis, 8 to 10 ft. spread

MORNING GLORY—Blue-red-pink, much as above blooms, not as large, bloom in morning till about noon

MORNING BRIDE—See Scabiosa

NASTURTIUM—Orange-red shades, full sun, poor soil, dry, borders, boxes, rock garden or cut

NICOTIANA—Flowering tobacco, 1-1/2 ft. fragrant white or rose shade flowers, very good for shade, bedding or cut

PERRIWINKLE—Compact, healthy waxy green leaves, bloom entire Summer till frost, 1 ft. tall, white, pink or rose, excellent for edging or boxes, likes hot weather

PETUNIA—Single, curly, all double, trailing varieties, compact varieties — pink-salmon-rose-white-velvet red-blue-purple-variegated. All named varieties. Like sun or semi-shade, good light loamy soil, well drained, not too crowded, excellent for boxes, bedding, rock garden. Compact ones good for borders, 6 inches to 1 ft. tall, trailing types approx. 18 inches long

PHLOX DRUMMONDI—Mixed colors, glamor-salmon-pink, like part shade, good light soil, moist well drained, 6 inches to 1 ft. according to var.

PORTULACA—(MOSS ROSE), All double, 4 inches, hot sunny dry, all colors possible in flowers all Summer, edging, boxes, strawberry jar, rockery

SCABIOSA MORNING BRIDE ANNUAL—1-1/2 ft. tall, sun, pink - blue - lavender - maroon - rose white - near black, lovely to cut

STRAW FLOWERS—2 ft., yellow - rose red - pink - white, everlasting flowers, good cut, dry easily for Winter bouquets

SALVIA—SCARLET SAGE—Bonfire, 2-1/2 to 3 ft. tall, red St. John's Fire, 1-1/2 ft. tall, red, good bedding, edging, box; blue, lovely for bedding or cut; dark blue, much like bonfire but color near purple; white and pink varieties (not always available)

SNAPDRAGON—See Antirrium

TRADISCANTIA — Wandering Jew — Red - green - green and white var.

TITHONIA—Tall, orange, daisy-like flower, 4 ft. to 5 ft. tall, makes good screen, sun, good soil to start, likes hot weather

TORENIA—WISHBONE FLOWER—Light and dark blue yellow centered flower, one of best plants for shade, loves moisture, light soil best

VERBEANA—Dwarf—Mixed colors, good edging or boxes,
loves sun, good soil and moisture

VERBEANA—By cuttings—pink, red, white center, white,
rose. These trail beautifully for boxes, rockery, over
walls, or good in beds; they love sun, good soil and
moisture

VINCA VINES—Variegated leaves, green and white, boxes
over walls or hanging baskets

VINCA MAJOR—See Perriwinkle

WANDERING JEW—Red, green and green-white var.; boxes
over walls or hanging baskets

ZINNIAS—GIANT CALIFORNIA—Dahlia flowered all colors,
2-1/2 to 3 ft., any soil, full sun, keep foliage dry

ZINNIAS—BLAZE—treat as above

ZINNIAS—LILLIPUT—Small 1-1/2 inch flower, 1-1/2 ft.
tall, all colors; all above good cut or bedding; treat as
other Zinnias

Vegetable Plants

TOMATOES—Big Boy, large ponderosa, beefsteak, valiant
(early), golden jubilee, yellow plum, Italian canner,
cherry, Rutger certified and others

EGG PLANT

PEPPERS
